We, the Editors of the 1978 **Spirit**, have worked together to make this annual something to be proud of. We have broken away from old traditions to fulfill the dream of creating "Our Edition." We present this annual to all who have, as we have, made their dreams become a reality . . .

From what seems like an eternity,

I see the confusion of a first day of school.

Then I see the new become the familiar

And the familiar become the known as the year progresses.

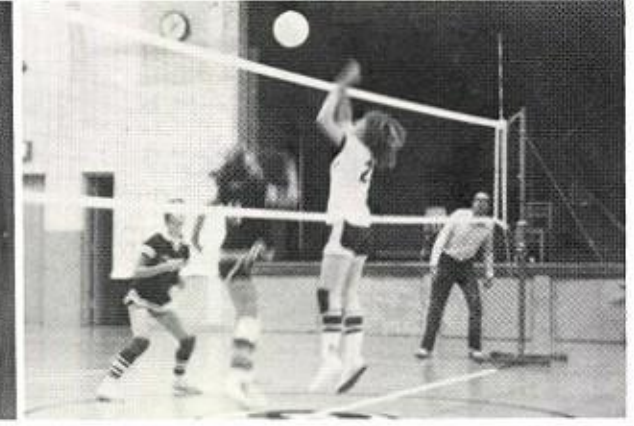

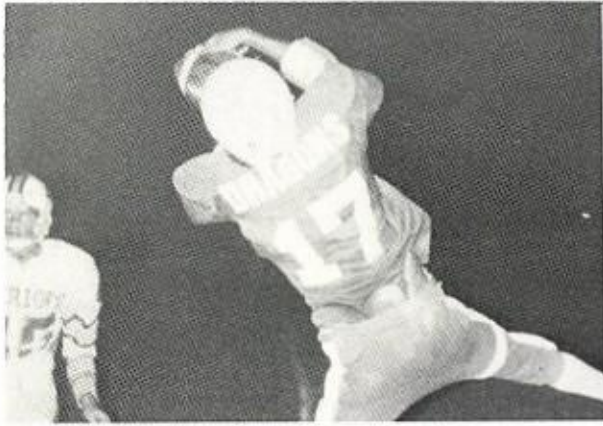

I hear the happy sound of children enjoying youth . . .

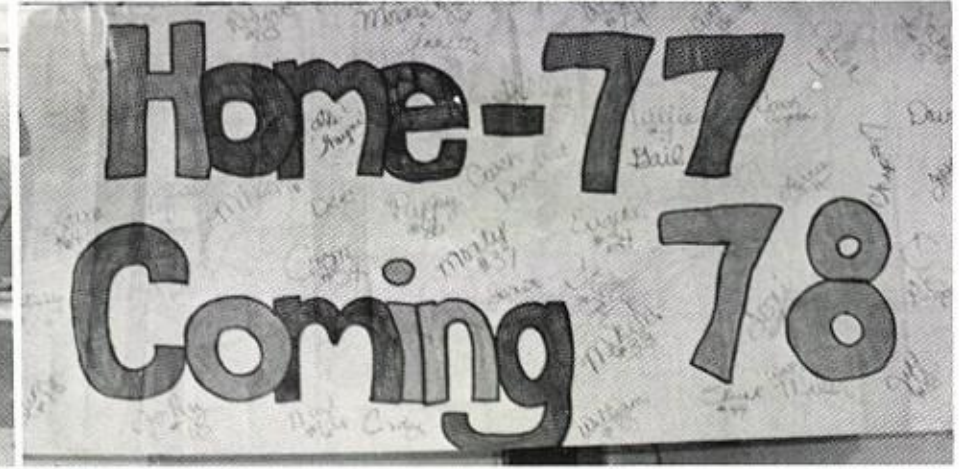

I see young adults take on responsibilities,

Not always gracefully, but accepting it just the same.

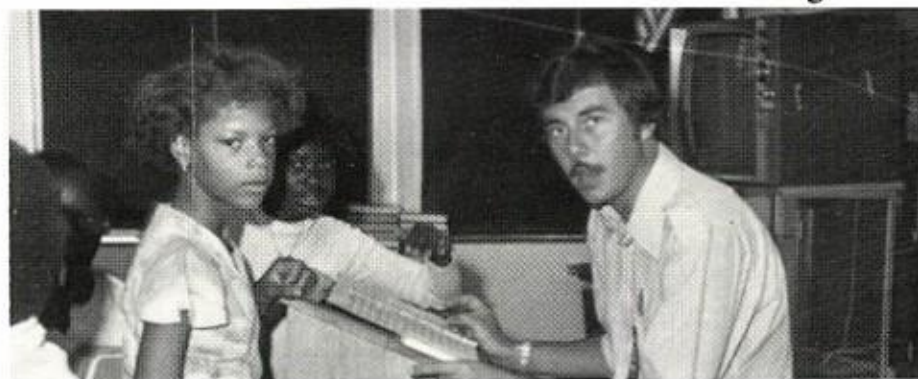

I see people making a beginning . . .

I see them form dreams — never to be destroyed.

I see teachers dedicated to guiding students through the unknown.

I see students turn this knowledge into wisdom.

I see them loving and laughing and taking joy in great times.

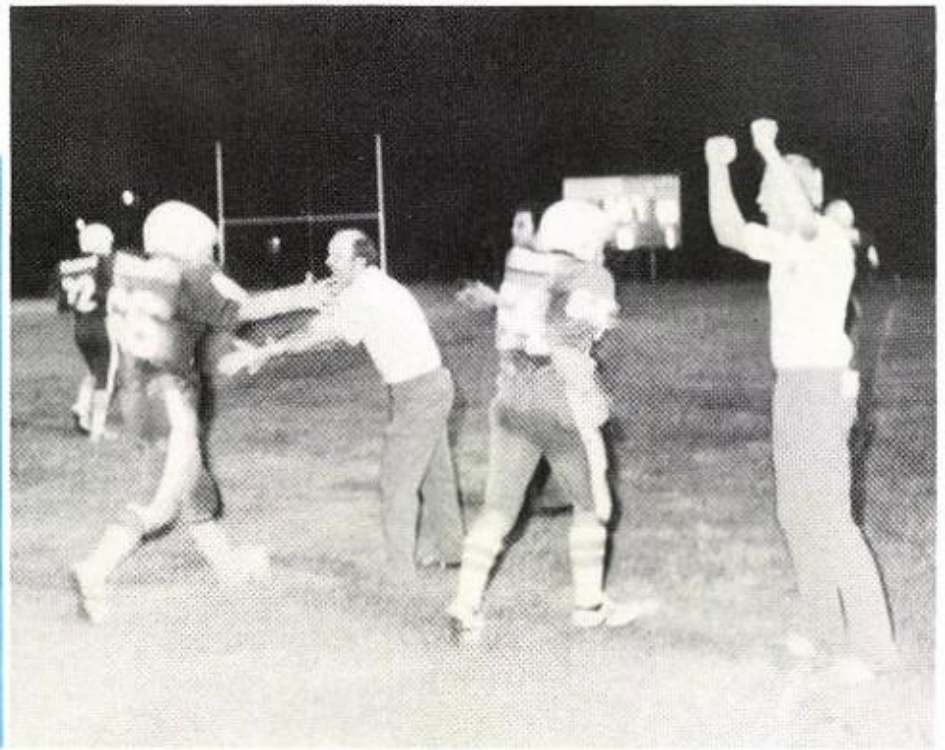

I see them disappointed and despairing and looking down in depressing times.

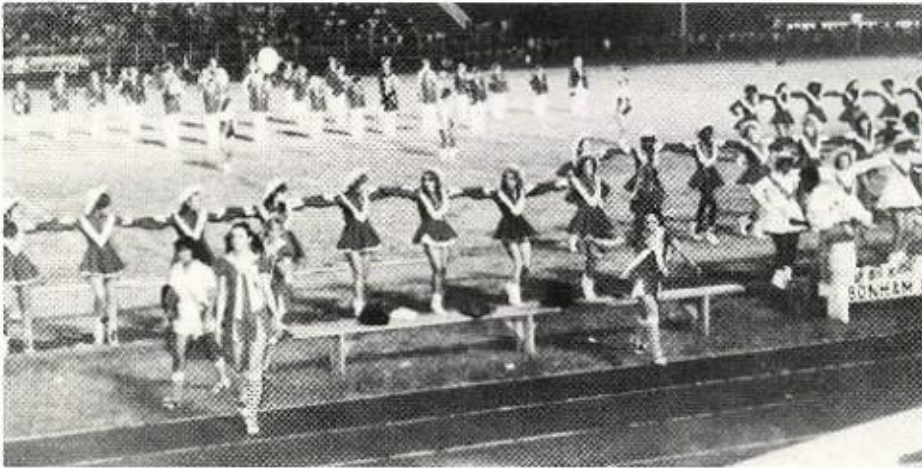

I see them working together in a cooperative spirit for a common sense.

I see them take pride and smile in satisfaction,

when the task is successfully finished.

In a sudden flash of recognition —

the mirror of my mind finally clears and

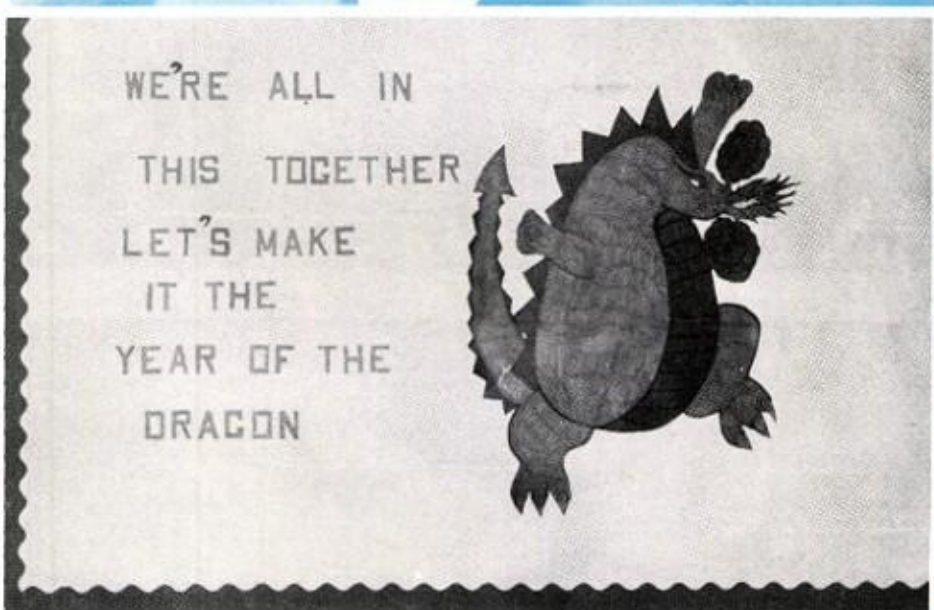

images become distinct.

We are the people and the sounds.

Now I realize what the gray mist was that made me warm:

This was our year at S.H.S.

Sandra Russell

"Mrs. Russell, you really did say something dumb."

"Homecoming 1977 brings back memories of Homecoming 1965."

Two years ago a very special lady came to Seagoville High School. During this brief period of time she has shown complete dedication to Seagoville High School, its way of life, and to its student body. She has crossed over the barrier between teacher and student to become our friend. She does all that is asked of her and is still willing to go the extra mile. She can be seen enthusiastically supporting the school at all activities, often accompanied by her family. She has the patience and care it takes to be an outstanding teacher. Her positive outlook on life with the combination of a sense of humor and maturity causes her to be a well-loved and respected person. She is being honored for the second time here at Seagoville High School, once as a student and now as a teacher. We, the Senior members of the annual staff dedicate our edition of the **SPiRiT** to the Homecoming Queen of 1965 . . .

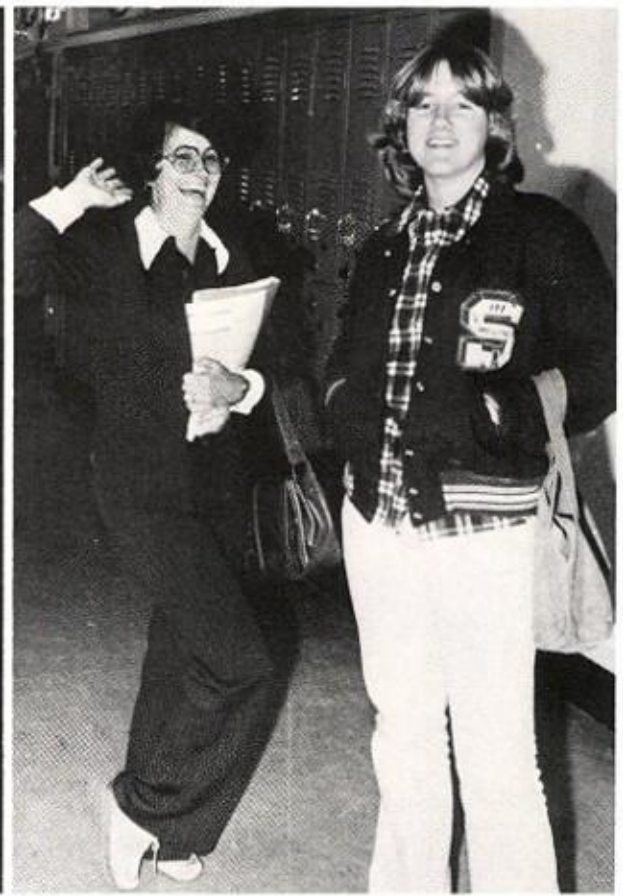

Coach Sandra Russell

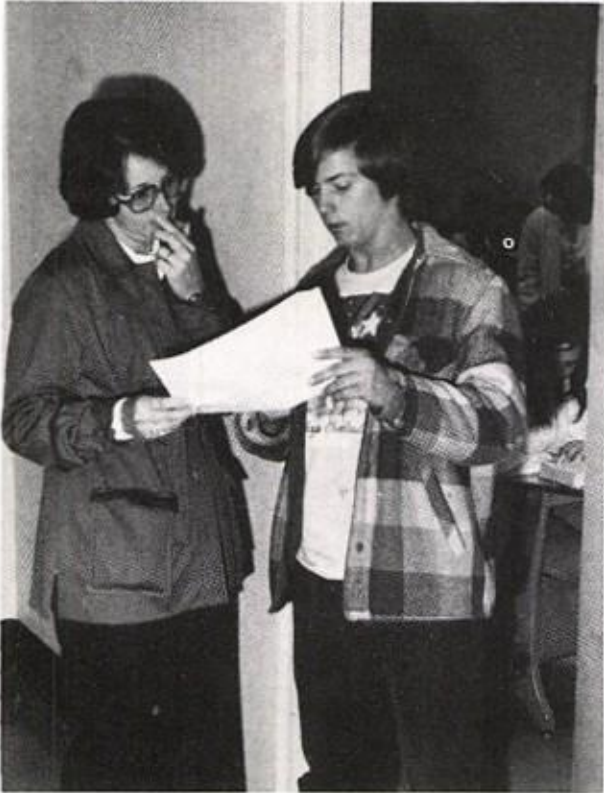

"What do you mean the Girls practice in the little gym."

"Best Dressed at Seagoville High School."

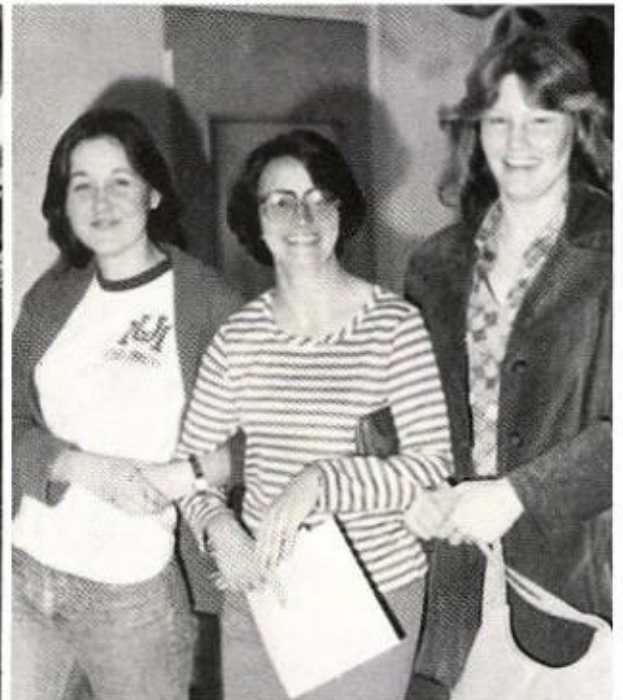

"Mrs. Russell shows us a 1965 Cheerleader yell."

"A perfect example of a teacher, always helping."

"Sorry, Mrs. Russell, your head's grown too big to hide."

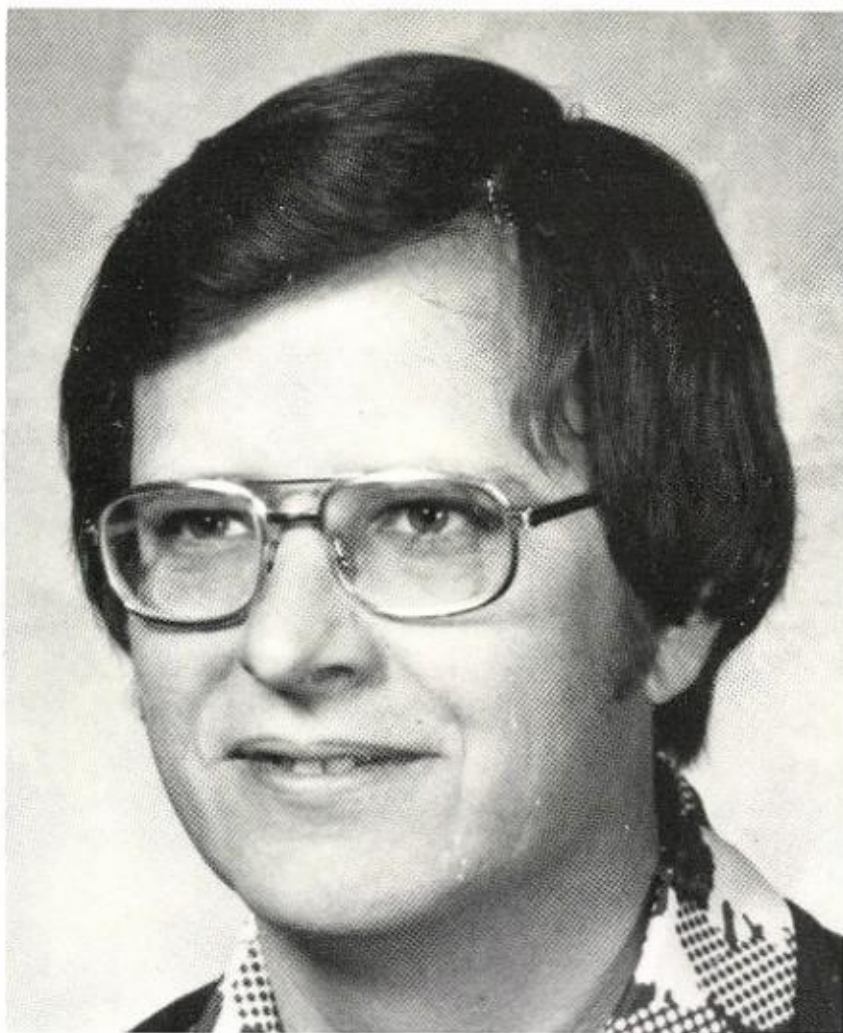

"Off to Terrell we go."

"Here we see Mrs. Russell practicing her seal act for the Gong Show."

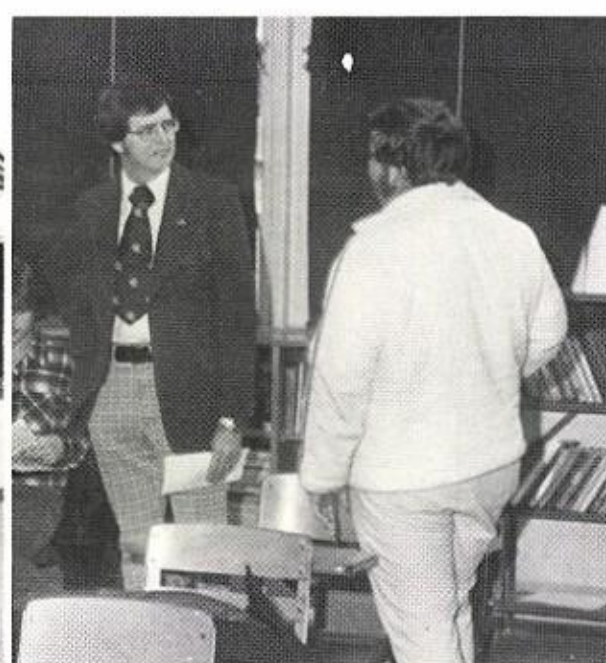

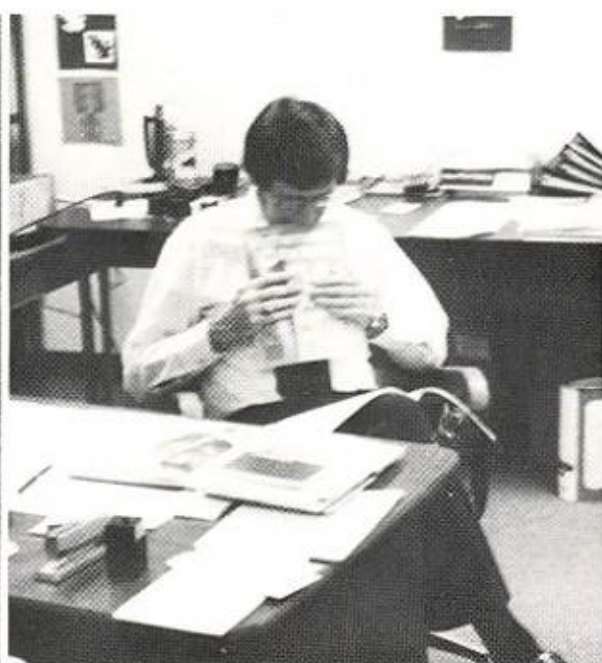

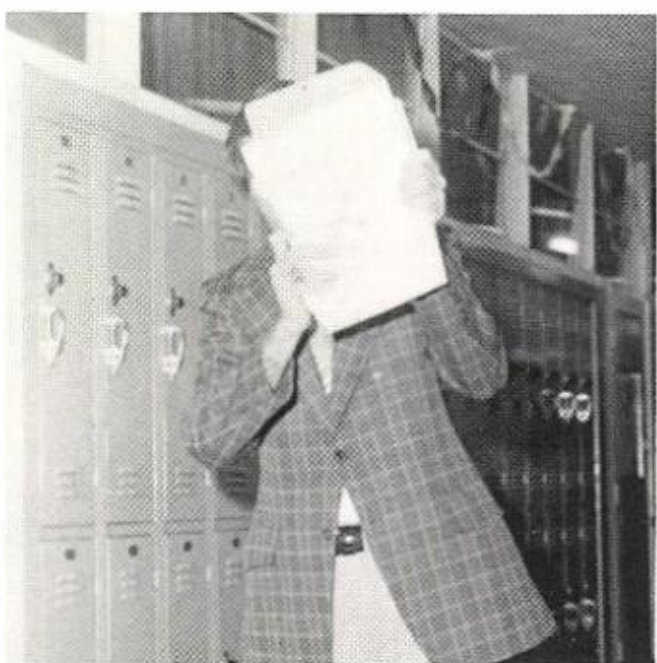

"And I said to myself, 'Self . . .'"

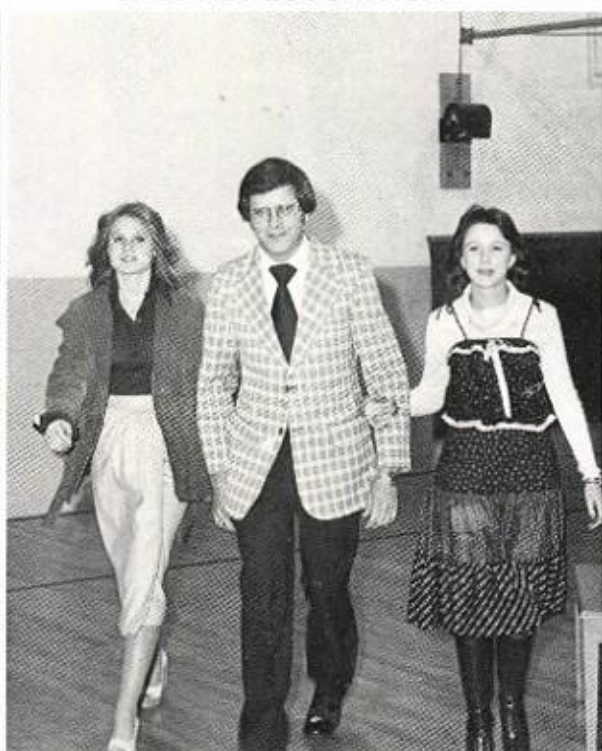

We, the Senior members of the 1978 **SPIRIT** feel there is one person in this school who has gone unrecognized far too long. He is completely devoted to our school and to the education of all of his students. He is the friend of many students and is willing to help them even if they are not in his class. We would now like to recognize this man who has worked so long and so hard for the improvement of our school and education. For waht you are and for what you have done we say "Thank You" . . .

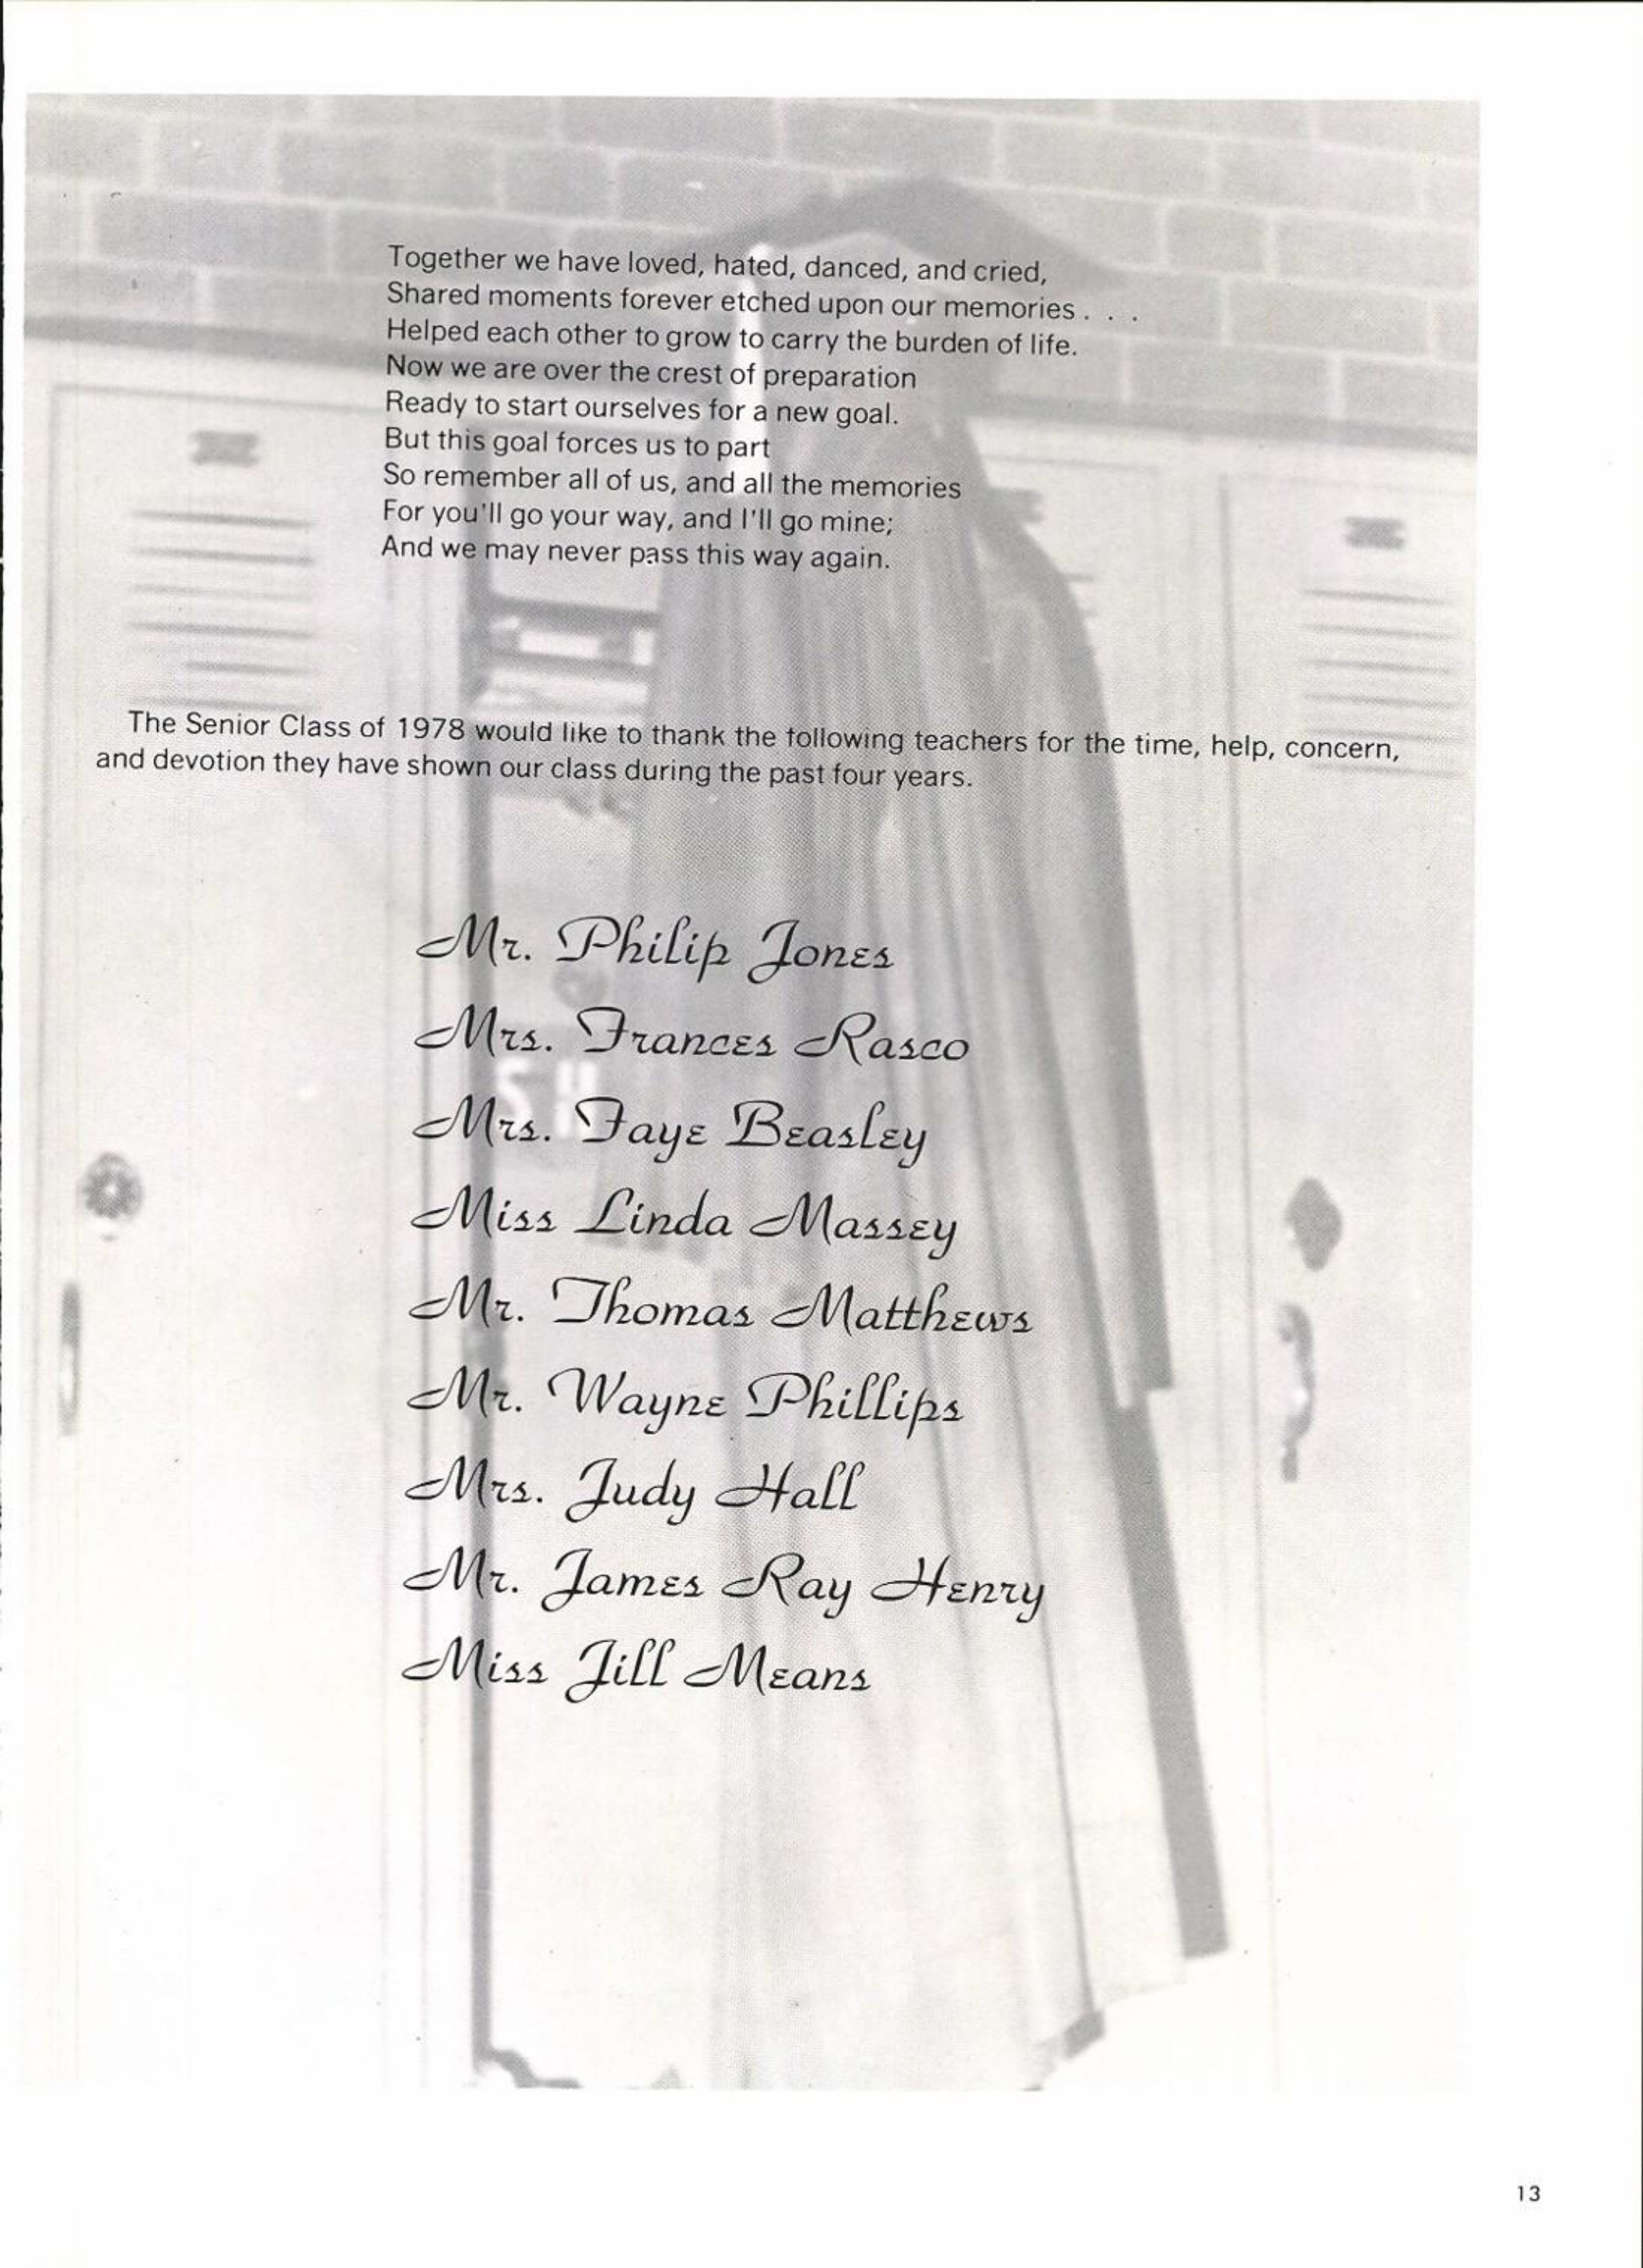

*Mr. Tommy
Smith*

SPECIAL RECOGNITION

SPIRIT OF 1978

Together we have loved, hated, danced, and cried,
Shared moments forever etched upon our memories . . .
Helped each other to grow to carry the burden of life.
Now we are over the crest of preparation
Ready to start ourselves for a new goal.
But this goal forces us to part
So remember all of us, and all the memories
For you'll go your way, and I'll go mine;
And we may never pass this way again.

The Senior Class of 1978 would like to thank the following teachers for the time, help, concern, and devotion they have shown our class during the past four years.

Mr. Philip Jones

Mrs. Frances Rasco

Mrs. Faye Beasley

Miss Linda Massey

Mr. Thomas Matthews

Mr. Wayne Phillips

Mrs. Judy Hall

Mr. James Ray Henry

Dear Students:

This has been a good year at Seagoville
High School

because our Senior Class has given excellent leadership. I want to commend the class of Seventy-Eight for a job well done. It is my wish that each student that has attended Seagoville High this year will be a better person when he leaves than he was when he came.

And you, the graduating class of 1978, I hope that you will continue your education throughout your lives. Best wishes for a happy future.

Dear Seagoville School Community:

It is always comforting for me to work
with and be a part of an educating institu-

tion such as
the one that

exists here at Seagoville High School. It is my sincere hope
that as we continue to grow to maturity and accept more
responsibilities, our deeds and actions will be so circum-
scribed that others will want to follow in our footsteps.

To the graduating seniors, I trust that you will find joy and
success in your future endeavors. Don't get impatient if you do not experience instant suc-
cess. In most cases, success is usually a
by-product of laborious activities.

Another year of time has passed in all of our lives. Properly organized time is one's greatest asset in achieving whatever one desires in life. Time cannot be saved or made up. Once it is gone, it is gone forever. All you can do is spend it and how you spend it is entirely up to you. Every moment you waste you steal it from what you could do.

Richard O. Ladd
Bachelor of Arts
Master's of Education
Parks College
Southern Methodist University

Students:

If you waste an hour you could:

Write a poem,
Walk four or five miles,
Drive eighty miles in a car,
Fly seven-hundred miles in a plane,
Repair something,
Mow a yard,
Make a friend,
Lose a friend,
Or make a decision that could
change your life.

I hope your allotted time at school this year has been used wisely.

Seagoville Junior High School

This year it was decided that the annual would be divided into both a Senior High School and a Junior High School section. It was also decided that the Junior High section would be dedicated to a Junior High teacher. In deciding who to give this honor to, one person stood out above the rest. This person is very involved in all Junior High activities and in the lives of the students. Though she teaches in the Junior High, she is also willing to help high school students with any problems. She is the perfect example of a **real** friend and puts others and their problems before herself. For all these reasons we the Senior members of the 1978 **Spirit** staff dedicate the Junior High Section of our annual to:

Mrs. Terry Ogletree

"Pleased and surprised."

"FLUSTERED???"

"A gracious thank you . . ."

"Always willing to help . . ."

"Explaining for the fifth time today . . ."

Congratulations
to the
Class of 1978
from
Faculty and Administration
of Seagoville High
School and the
Seagoville High
School P.T.A.

As the year comes to an end and "Our Edition" of the **SPIRIT** is completed, we feel we have accomplished our long, awaited dream. We sincerely hope that you will enjoy this book and remember that it was compiled by humans and humans do make mistakes, BUT NOT INTENTIONALLY. We have put forth our greatest effort to make it the best possible. We wish next year's annual staff the best of luck and hope your year will be as meaningful and rewarding as ours has been. We, the editors, would especially like to recognize and thank Karen Beatty for her art work and Mark Embree for his photography. We also wish to thank all other members of the staff for any and all the work which they have contributed in making SPIRIT '78 a great success. And to these fellow staff members we say so long for a while but never a goodbye.
